ABOUT CONFERENCE

VIIT is taking initiative for networking researchers by organizing seminars, focused short-term training programs and conferences every year. Research wing, VIIT organizes a conference every year to collaborate with researchers and to provide the opportunity to present their valuable work. It also provides a premier interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of engineering and technology.

The pandemic of COVID 19 is affecting the lives, setting new sets of challenges and opportunities, too by setting a new-normal of meetings, conferences and lifestyle demands. Considering the challenges, we encourage authors to participate in online mode, which shall provide an opportunity to meet on virtual platforms and to accommodate more and more.

PUBLICATION

Accepted and presented papers will be considered for publication in Scopus / web of science SCI based journals identified by organizers. Authors need to fulfill Journal Criteria for acceptance related to plagiarism, format and modifications as per review. Coordination Committee is happy to discuss the prospects of publications with authors to maintain the utmost clarity and transparency. Conference publish an abstract book as a collection of ideas on payment of Publication fees.
